REPORTER'S TRANSCRIPT OF PROCEEDINGS  
VOLUME 1 PAGES 1 - 248  
MONDAY, SEPTEMBER 8, 2025

OFFICIAL STENOGRAPHIC REPORTER PRO TEM:  
ANDREA M. IGNACIO, CSR, RPR, CRR, CCRR, CLR  
CA CSR LICENSE NO. 9830

Job No. CS7570149

1 it's a linear type of reporting that I talked about a  
2 second ago.

3 Q When you say it misses the context of the  
4 number of trips reported, why do you keep saying that?

5 A Well, because the chart we provided, the  
6 original chart with all the categories and time  
7 frames, that does have that context. It has the  
8 number of trips. It has the number of trips with an  
9 incident. So I'm providing the jury with a  
10 comprehensive view of what was provided.

11 Q Is it Uber's position that there's a certain  
12 number of sexual assaults that occur per year that are  
13 acceptable to Uber?

14 A No. That's not what I said.

15 MS. WEATHERFORD: Okay. Your Honor,  
16 permission to move Exhibit 613 into evidence.

17 THE COURT: Any objection?

18 MS. BROWN: It will be the same, Your Honor.  
19 Same objection.

20 THE COURT: 613 is admitted and may be  
21 published.

22 (Exhibit 613 admitted into evidence.)

23 MS. WEATHERFORD: Thank you, Your Honor.

24 And if we could focus on 2017 to 2022 for the  
25 moment.

1           Q    And so Mr. Gaddis, according to your  
2           calculations, in the United States, there -- in 2017,  
3           there was 196.5 reported incidents of Sexual Assault  
4           and Sexual Misconduct on the Uber platform; correct?

5           A    If you were to take that yearly total and  
6           divide it by the 365, that's correct. It does not  
7           have the context for the trips, like I mentioned.

8           Q    And that's -- that's one about every one  
9           minute -- one about every seven minutes; correct?

10          A    That's correct. I don't know the number of  
11          trips every seven minutes. But I believe daily around  
12          that time, it might be around 3 million per day.

13          Q    I know -- and I know you want to talk about  
14          the number of trips. I appreciate that.

15                But let's look at 2019. There were 279.2  
16          reported incidents of sexual assault and sexual  
17          misconduct on the Uber platform per day; correct?

18          A    That is the daily average, based on the way  
19          that you guys calculated it. Correct.

20          Q    And you confirmed the calculations; did you  
21          not?

22          A    I did confirm it.

23          Q    Thank you for that.

24                That's one about every five minutes.

25                And if I could, I'd like you to do another
